Morgan Preschool is a stand-alone preschool centre where children are immersed in learning through a fun, safe, supportive and caring learning environment. Our Preschool provides a welcoming, friendly and cheerful place to learn where your child is the central focus. The core business of this preschool is to provide age appropriate educational programs that maximise each child's potential development.

‘A place where children laugh, play and learn’

Our core values are Respect, Excellence, Honesty, and Creative Learning.

We strive to build respectful relationships with all families, as we work collaboratively, to provide an inclusive, play based, quality teaching and learning environment, for all children and their families.

We believe that each child is individual, unique and important, and has the right to develop to their full potential. We do this by:

◆ providing an engaging curriculum that encourages creativity, curiosity, problem solving and independence skills, while having FUN and participating in a play-based learning environment
◆ providing a safe, welcoming, happy and supportive educational environment that caters for each child and family’s needs
◆ providing opportunities and encouraging children and families to become involved in all aspects of the service
◆ providing opportunities for children and families to develop stable, caring and respectful relationships with staff and others

We believe that the staff are one of the centre’s most valuable resources. In order to provide an inclusive, quality teaching program we aim to:

◆ support staff well-being, in a safe and supportive working environment
◆ value the skills and knowledge that each individual staff member brings with them
◆ respect the diversity of staff backgrounds and experiences
◆ encourage, provide and support ongoing professional development

We believe that parents and families are children’s ‘first educators’ and so to complement and support this we aim to:

◆ welcome parents and family members with respect and sensitivity
◆ encourage communication between staff and parents /carers
◆ acknowledge parent’s skills, knowledge and resources and these are valued in the centre’s program
◆ respond to individual family needs
◆ recognise and respect the diversity of families
◆ create, support and encourage involvement and participation including governance
◆ provide information about other services available in the community

We believe that the centre is a valuable community service. We aim to:

◆ work in partnership with other educational services in our district
◆ build relationships with the community and other agencies
◆ provide an accessible, flexible quality service that meets the needs of the community
◆ promote respect for and pride in our immediate environment, incorporating good sustainable practices in our daily operations
